West Coast Air

Combine Whale Watching and Flightseeing
Fun for the Most Exciting Adventure Tour!

Flightsee your way to the whales!

If you have little time and want to see the whales, flying West Coast Air is an excellent option.

Flying in the comfort of 18 passenger Twin Otter floatplanes, the wonderful world of British Columbia's fairy tale Gulf Islands spreads out below you. The Gulf Islands stretch between Vancouver Island and the Mainland and are one of British Columbia's most picturesque holiday areas.

Enjoy the convenience of travelling from West Coast Air's downtown Vancouver terminal to the downtown Victoria terminal in the Inner Harbour, right in front of the Empress Hotel, next to your Whale Watching Tour.

Take the Coach and Ferry to Victoria, watch the whales and return by West Coast Air, **OR** go both ways by West Coast Air, **OR** fly over and take the coach back.

West Coast Air floatplane

High speed fibreglass cruisers have the adventurous feeling of an excursion in the Zodiacs, but have a drier ride and have the added convenience of an onboard bathroom. For the pro photographer, these boats have been rated as the best camera and film platforms for capturing the images of our coast.

Your excursion starts 30 minutes prior to departure time at Five Star's office, located in the Victoria Conference Centre (on Douglas Street, next to the bus terminal) where you will be fitted for flotation suits. Then you'll board our boats, which depart from the Empress Floats in front of the Empress Hotel.

Daily Departures May to September

Whale watching portion is approximately 3 hrs.
